Queen's University

P. Jean White  
Westcoast Writing &  
Research, Montreal

Technostyle is published three times a year. Each issue presents articles on the teaching of scientific and business writing in Canadian colleges and universities as well as articles identifying writing skills demanded from the professional at work in Canada.

Technostyle est une revue trimestrielle. Chaque numéro des articles traitent des problèmes rencontrés par les professeurs de rédaction technique et scientifique enseignant cette discipline aux universités et aux collèges canadiens. La revue publie aussi articles sur les compétences en rédaction qui sont exigées du professionnel par le marché canadien du travail.

Technostyle is published with the financial assistance of the Centre for Administrative and Information Studies, University of Western Ontario. Thanks to Wendy Bichard for preparing copy on the Micom 2002.
