Technostyle is published two times a year. Each issue presents articles on the teaching of scientific and business writing in Canadian colleges and universities as well as articles identifying writing skills demanded from the professional at work in Canada.

Technostyle is published with the assistance of the Department of Electrical and Computer Engineering, University of Manitoba.

Technostyle paraît deux fois par an. Chaque numéro contient des articles relatifs à l'enseignement, dans les universités et collèges du Canada, de la rédaction technique, scientifique et professionnelle, ainsi que des articles portant sur les aptitudes exigées du rédacteur professionnel par le marché canadien.

Technostyle est publié grâce à l'aide financière du Département de Génie électrique et informatique, de l'Université du Manitoba.
